Our Premium Plans include necessary routine treatments into the monthly cost, as well as providing you with regular appointments. This helps you to maintain optimum dental health.

The 5 big benefits of joining:

Premium Plan bands:

	Band A	Band B	Band C	Band D	Band E
Monthly cost***	£19.50	£24.50	£32.50	£40.50	£48.50
Depending on your dental health, your dentist or hygienist will be able to advise which band is best suited for your needs.					

How do these appointments help you?

Six-monthly dental health examinations to provide:

- Thorough examination of your current dental health to catch developing problems early
- Checking for signs of oral cancer for early detection
- X-rays where clinically necessary for an in-depth examination of your oral health.

Hygiene appointments (number tailored to your individual needs) to provide:

- Professional removal of harmful hard plaque that can't be reached with regular brushing
- Advice and techniques – we work with you to prevent tooth decay and gum disease
- Fresher breath and a brighter smile for improved self-esteem.

Routine treatments covered by the monthly cost will include:

Radiographs, fillings, extractions and root canal treatments alongside provision, repair and maintenance of crown, bridge and denture work.

Excludes:

Any lab fees, any non-clinical work, implants and orthodontics. For full details of the treatment benefits and exclusions, please refer to the Dentist/Patient Plan Agreement.

This results in the complete package to maintain your oral health. We strongly recommend joining to help reduce the risk of expensive restorative treatment in the future.

Please speak to any member of the team if you would like more information or for details on how to register.

* Exclusions apply to any treatments not required to maintain dental health and lab fees.

** The Worldwide Dental Emergency Assistance Scheme is a scheme established to offer support and assistance to dental plan patients who request treatment following a dental trauma and/or dental emergency or oral cancer. The Scheme responds to requests for assistance on a wholly discretionary basis. This means that, whilst the Scheme aims to provide benefits in most cases, it has no obligation to provide any benefit unless it first decides (in its sole and absolute discretion) that it should provide a benefit. There are some circumstances in which the Scheme is not designed to help and these are explained in more detail in the Scheme Handbook. Each request will be looked at individually to assess the request for benefit. Certain restrictions and limitations may apply in the event that the request is accepted and it is possible that the Scheme will decide to provide no benefit.

*** An initial administration fee of £9.50 will be collected with your first payment only.
